EDUCATION

June, 2020 - June, 2024

BACHELOR OF TECHNOLOGY

VIT ,Pune (Artificial Intelligence and data science)

- Excellent academic score
- Extra curricular activities
- Sports

MY SKILLS

- Languages: Python, C, Java, C++, R
- Machine learning
- Data science
- Neural networks
- Competitive Programming
- Web development

Project

- Quiz system for students using Tkinter in python with SQL database
- Covid recovery days prediction using different classification algorithms
- Stock market predictor using regression in Python and R
- Traffic Sign detection using neural networks
- Social media learning app
- Automated obstacle avoiding car using Arduino and sensors
